le temps d'être différent

NEW

## DESIGN, SILENCE AND DISCREET

WineMaster® offers a discreet air conditioner version with a different design and ever increasing performance. Wine OUT25X is installed outside your cellar, it allows you to air condition up to 25m<sup>3</sup> and benefits from many advantages such as silence and energy savings.

WINE CELLAR AIR CONDITIONER

25 m<sup>3</sup>

Air-conditioning up to 25m<sup>3</sup>

8°C - 18°C High performance integrated thermostat

Quiet

Respectful of the environment

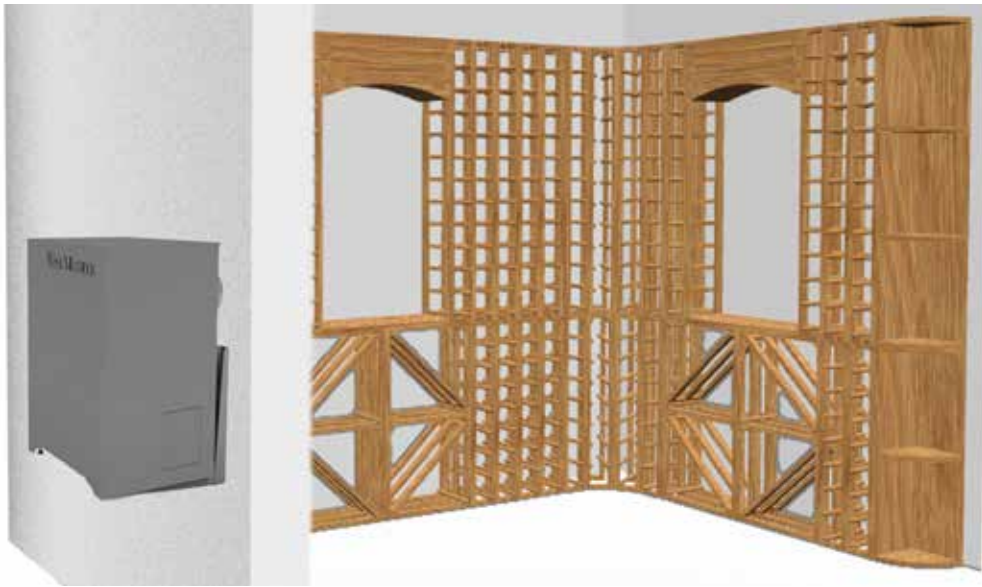

Ideal climate conditions for the preservation of your wine

\* insulation type and thickness has to be in accordance with the volume of the cellar. Glass and thermal losses throughout the room will limit the achievable temperature.

# WINE OUT25X

THE BUILT IN

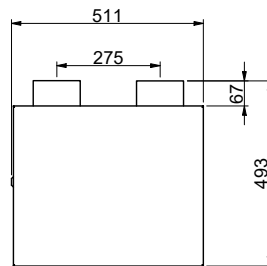

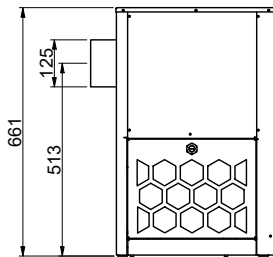

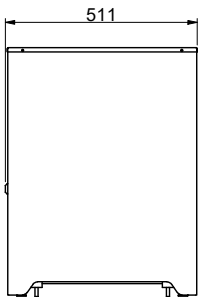

# WINE OUT25X

## SILENCE, PERFORMANCE AND SAVINGS

- Keeps cellars at a constant temperature of between 8 and 18 °C\*
- Humidity control : excess humidity is condensed and evacuated towards the outside
- The dimensions of the appliance allow it to be adapted to different rooms (cellar, attic, etc.)
- Controlled power consumption thanks to the reaction turbine on the condenser side
- Cooling and heating
- The Wine OUT25X model is equipped with a heating belt for protection in case of conditions (e.g. in winter).
- Thermostatic expansion valve, best suited to difficult conditions
- Remote thermostat
- Easy maintenance with cleanable filter
- 2 year guarantee

### DELIVERED WITH :

- x 2 straight ducts with Ø 125mm
- length 500 mm each 2 x wall brackets 2 x air grilles

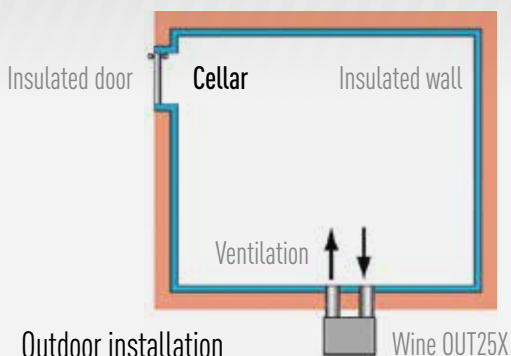

## ALWAYS MORE SILENCE ALWAYS MORE DISCREET

In addition to its innovative design, the WineMaster OUT25X, because of its external installation, is very discreet. Only the ventilation grids are visible in your cellar.

### THE STRENGTHS OF THE WINE OUT25 AIR CONDITIONER

- 2 rotation speeds for the fan motor on the cellar side
- Silent operation thanks to the use of new materials
- Suitable for small cellars (e.g. under stairs)
- Saves space in the cellar

| Heating belt                                   | Yes   |

\* With correct insulation type and thickness matched to the volume of the cellar.

\*\* The machines capacity will start to decrease if outside temperature increases above 40 degrees C for an extended period of time.

## DISCOVER OUR OTHER SPECIAL PRODUCTS : HYGROMASTER® & WINEMASTER® CELLAR DOOR

### HYGROMASTER®

On the wall, on the ground, or on a stable shelf, Hygromaster® is very easy to install. You can simply connect it to the water tank that comes with it. This reservoir kit supplies the Hygromaster® with demineralized water. You can regulate the level of humidity to ensure it is appropriate for your wine cellar.

### WINEMASTER® CELLAR DOOR

The WineMaster® cellar door guarantees the optimal insulation of your wine cellar, a real asset to some of our WineMaster® air conditioners. It is very easy to install with only 7 fixing points for mounting the set and two possible opening versions (right or left).

# A STORY OF LOVE AND TERROIR...

It is in the foothills of the Alsatian vineyards, where the wine route starts, that the WineMaster® story begins. Our attachment to terroir and our love of wine have always been the source of our thought process and creativity.

Ever since its inception in 1984, the skills and know-how of the men and women of WineMaster® have been at the heart of every step in the air conditioner making process.

Quality and detail are what motivate us, and we are proud of our products and their 100 % Alsatian design.

“ INNOVATION AND EXCELLENCE ARE WINEMASTER'S KEY VALUES. ”
